May-heir | he/him

About the developer:

A fresh starter in web development, but an experienced team collaborator and project leader in fast-paced work places. I bring a wonderful ability to listen, reflect, systematically work through challenges, pivot when things take a turn, and maintain a calm, supportive attitude for my team. I am steady in adversity and am always seeking to learn, adapt, and grow. I have a high self-standard to always push the boundary of what is possible, but that is matched with a keen sense of timelines and setting realistic, attainable goals to achieve the best possible outcomes.

Work Experience:

Family Services Case Manager, 2017-2022 | [Cook County PHHS](#), Grand Marais, MN

Managed complex social engagement and large scale planning in complex, fast-changing systems. expansive team project coordination & working in large digital data structures and in the field with dynamic teams to accomplish time-sensitive tasks, keep meticulous records, and adhere to complex, nuanced time-lines while working with many different client and professional systems. Developed keen investigative skills and interviewing skills that inform my ability to understand and develop solutions to complex problems that required coordination with large databases, families, law enforcement, courts, medical providers, school staff, tribal agencies, and more. I am now deeply knowledgeable in county, state, and federal systems and data privacy laws. Grew adept in compassion and collaboration.

Marketing Manager, 2015-2017 | [Cook County Whole Foods Co-op](#), Grand Marais, MN

Became skilled in WordPress & the Adobe Creative Suites (particularly InDesign & Illustrator). Managed a staff of 10. Worked with other businesses and organizations to advance and grow advertising for the company, to plan events, classes, and created a monthly newsletter. Used *MailChimp* to advance mailing campaigns and managed the company's social media platforms, especially *Facebook*. I was commissioned by the company's board of directors to complete a 40th anniversary digital installation project and took photography bids for websites. I spear-headed a new website for the company and worked dynamically each step of the way with the design firm, [Swim Creative](#). From mock-up homepage, wireframing, store photography, writing copy, and managing dynamic WordPress content, I helped build a professional website.

ESL Teacher in South Korea, 2010-2013 | *Pohang and Ilsan, South Korea*

I was a lead teacher to children ages 4 to 12 in two different private school settings: LCI Kids Club in Pohang, South Korea (2010-2011), and Palisades English Academy in the Seoul area (2011-2013). In addition to leading many classes of students and subjects, I was responsible for creating lesson plans, developing and implementing curriculum, tests, and keeping student records to keep parents informed of performance. I taught ESL, grammar, reading, science, music, and writing. I tutored advanced students 1:1 in the grammar, writing, and reading subjects.

Education:

U of MN | Full Stack Web Development Bootcamp, 2022

Current student, graduating in December of 2022. At a 99% average score on my projects.

U of MN, Morris | BFA in Literature & Minor in Studio Art, 2004-2008

3.71 GPA.
